Dear Editor and Board Member,

I hope you had a good summer, and are enjoying the new season. I enclose the latest list of members who have joined us with enthusiastic letters of response. McGraw Hill is proceeding with establishing the revenue base.

The enclosed book reviews were solicited by McGraw Hill to show samples to potential advertisers, and were very well received. The next step will be to set up a sample issue of about 25 pages.

On the enclosed post card please make suggestions for a one-two word title, (the subtitle -- "A critical guide to psychiatric literature" has been accepted) lists of new and forthcoming books you are especially interested in, would like to review or to sponsor a review. Lastly, suggest a topic or theme for an issue wherein we can have a lead review article, corollary articles and authors' responses.

Sincerely yours,

Maurice R. Green, M.D. P.C.
